Capitol Park

Capitol Park is the center of downtown’s most dense residential neighborhood, surrounded by cafes and unique retail offerings, enhanced with beautiful greenery and comfortable seating.

Responding to the transformation of the neighborhood to residential, Capitol Park will be redeveloped with a planned 2018 reopening. The intimate Capitol Park will become a premiere downtown space in a historically significant and iconic district.

Tremendous redevelopment is also taking place around the park as new businesses and residences flock to this intimate corner of Downtown. Because of this, Capitol Park will host a light schedule of events in Summer 2017. Please pardon our dust as we work to transform this unique public space.
